Re: UTR Letter of Understanding-Traffic Control & Surface Restoration

Anthony,

Per our discussions and agreement, upon the execution of an agreement between Utility Traffic and Restoration, LLC ("UTR") with the LIUNA-Great Plains District Council, UTR will continue its past practices in the state of Iowa of utilizing IBEW staff on all electric right-of-way work in the relevant geographic area.

Specifically, this agreement applies to electric distribution and electric transmission right-of-ways workers performing surface restoration and traffic control/flagging work only. The Great Plains District Council agreement continues to apply all other work performed by UTR.

Please sign below to memorialize this Letter of Understanding, which shall take effect immediately upon its full execution.

RG Campbell
